

Psychology

Instructor: Sheila Ives

Grades: 10th – 12th

Prerequisites: None

Cost: \$35/month

Credit: 1 unit in electives

Overview: This course is a high school level basic introduction to the science of psychology. Some of the topics to be covered will include brain structure and function, development, sensation and perception, learning and memory, sleep and dreaming, language and intelligence, emotions and stress, personality, social psychology, psychological disorders and therapies, among others.

Curriculum: Psychology 9th Edition from 2010 (hard copy) by David G. Myers (copies available at Amazon and Half.com)

Additional Requirements: Internet and email access. High school reading level.

Homework: 40-60 min/day—homework will be light to moderate, focusing mostly on reading the chapter, learning basic concepts and testing, with occasionally some small assignments tossed into the mix. Extra credit opportunities are always available and encouraged.

Min/Max: 3/10

LHE Pre-enrollment required BEFORE course enrollment. See “Enrollment Steps” for pre-enrollment information.
